

**Information and Systems in Education**  
**Vol. 1, No. 1, 2002**

**Contents**

Foreword (Keynote Article)

3 Toshio Okamoto (President of JSiSE)

Opening Article

4 Yukuo Isomoto (Editor-in-chief of JSiSE International Journal)

Invited Papers

5 Takashi Sakamoto

Development of Information and Communication Technology use in School Education in Japan

15 Setsuko Otsuki

A study on support paradigms and applications to e-learning

Special Papers

22 Kinshuku, Taiyu Lin

User Exploration Based Adaptation in Adaptive Learning Systems

32 Chee-Kit Looi

Cultural Issues and the Design of e-Learning

38 Owen Conlan, Cord Hockemeyer, Vincent Wade, Dietrich Albert

Metadata Driven Approaches to Facilitate Adaptivity in Personalized eLearning Systems

45 Haruki Ueno

Internet-Based Distance Learning for Lifelong Engineering Education

- A personal view and Issues -

53 Koji Itoh, Takuma Watanabe, Nobuhiro Takano, Makoto Itami

Learning by Problem-Solving Assisted of Planning Solution with Repertories of Problem Types and Plan-Indexed Sample Problems with Solutions

Translation of Awarded Paper

60 Katsuhiro Mouri, Masao Suzuki, Takami Yasuda, Shigeki Yokoi

Production and Practical Use of Teaching Materials based on 3-dimensional Computer-graphics Technology with Collaboration in Education of Astronomy

Regular Papers (Original Paper)

70 Yukari Kato, Toshio Okamoto, Tatsunori Matsui

A Relevant Learning Framework for Nonnative Speakers: A Proposal for Integrating Textual and Graphical Information in Japanese Academic Reading

80 Yusuke Hayashi, Hiroyuki Tsumoto, Mitsuru Ikeda, Riichiro Mizoguchi

Kfarm: An Ontology-aware Support Environment for Learning-Oriented Knowledge Management

Regular Papers (Practical Paper)

90 Yaeko Nakanishi, Lumi Tatsuta

Web-based Japanese Listening Program: Development, Implementation and Results

98 Duminda Nisahntha, Yukuo Hayashida, Toshihiro Hayashi, Takeshi Katsuki, Masaaki Goto,

Koichiro Ihara, N.A. De S. Amaratunga, Jayantha Weerasinghe, Nobuyuki Tokurea

Multimedia Medical Collaboration over the Internet between Sri Lanka and Japan

109 Hiroyuki Mitsuhashi, Youji Ochi, Kazuhide Kanenishi, Yoneo Yano

An Adaptive Web-based Learning System with a Free-hyperlink Environment for Circumventing an Exploration Impasse Caused by a Hyperlink Shortage
